The GGHCDC invites nominations of exemplary projects that have restored or preserved a part of the Greater Golden Hill historical, architectural, archeological or cultural heritage. This award will recognize the best work in protecting a historic property within the communities of Greater Golden Hill. The historic property may be a building, structure, object, site or landmark. Commendable community and individual efforts such as advocacy, fund raising, creation of a protective ordinance, physical stabilization, and repair are also eligible for recognition. Examples of eligible projects include the restoration of a historic house, commercial building, bridge, statue, or a designed landscape. Routine maintenance, such as painting or reroofing, is not considered restoration work for the purposes of this award.
